Diversity, Equity and Inclusion: Deepen the Cultural Competencies of Your Faculty and Staff

Thursday, March 30, 2017
12pm-1:30pm
CTLB 110

Campuses across the country feel the intensifying call to stand in unison and invest effort and energy to ensure that leaders, staff, and faculty are committed to and demonstrating a mutual goal to create an inclusive campus environment. Now is the time to reignite and reinvigorate intentional, comprehensive training programs focused on issues of diversity, equity, inclusion and social justice. Identify the skills and competencies you want administrators, staff and faculty to exhibit to proactively create an inclusive campus environment that enhances the success of everyone within the campus community.

Expert presenter – Dr. Kathy Obear, President for the Alliance for Change Consulting and Coaching and Co-Founder of The Social Justice Training Institute, will provide training resources, tools and a framework to analyze where your institution is, where it needs to be and how to deepen the cultural competencies of leaders, faculty and staff...all with the ultimate goal of fostering academic success, belonging, and personal safety for ALL students!
